Reference: Zurich Despatch No. 270, March 4.

There are attached unclassified biographic resumés covering the four individuals mentioned in the despatch under reference. It is left in the discretion of the Embassy as to how the material may best be used by Mr. Forster's attorney. The United States Government may not, however, be used as the source.

The USIA has in its possession photostatic copies of UN documents (declarations and statements) previously transmitted showing original certification by a US military official. Please obtain a definite statement from Mr. Forster's attorney as to whether the documents now on hand are adequate or whether the photostats are needed. If the photostats are needed report what kind of certification, in the opinion of the attorney, is required.
